If the student has no evidence that the reason for the absence of the exam was respectful, serious problems arise.

The first assessment that is exhibited in the statement is "two", and it is required to correct in the shortest possible time. As a rule, re-passing the exam is accompanied by a mass of additional questions from the inspection teacher and the highest assessment of "satisfactory".

Accordingly, the issue of obtaining scholarships in the next semester is especially acute.

Modern students try to come up with a lot of excuses of their own non-appearance on the exam, but all of them disrespectful, there is no such official proof.

More often, some students of the university are trying to convince the dean in their own illness in that ill-fated day, others refer to emergencies in everyday life, and the third pressure on pity, although they themselves slept at that moment, they were not prepared or simply lazy to appear at the specified time.

A student after a non-appearance for the exam should individually approach the checking teacher and explain in detail him why it happened.

It is very important to come to a mutual compromise, otherwise then there is no problem with the relief and time of its definition. It is possible that the teacher will send a malicious trash in the dean, or his representatives themselves will call "on the carpet" of the violator's student.

Disabled to the exam - an extra problem for a student

In any case, you will have to justify, write explanatory, seriously prepare, so that in the end, to give the subject at least a triple and not fly from the university.

What will happen if the student does not come to the exam?

To understand the seriousness of what is happening, it is important to understand the coming consequences and inevitable punishment that will follow after the student's failure to appear.

Of course, it all depends on the relationship and mood of the verifier teacher, but the problems with performance are accurately secured.

How to go to relocate the exam from work?

So, it is worth starting with "light fright", and finish "strong panic", so to speak:

1. The teacher publicly cuts through the trash, but then "will change anger to mercy" and will appoint him an individual time when you can come to a university and recall the exam, but already on a reduced, at least 1 point, the final assessment.

This means that the maximum mark on the results of the delivery will be "good"; But to get it, you will have to work pretty. More often on the crossing exhibit "Troika", and these students are also for happiness.

2. The teacher does not want to talk at all with a trash and immediately send it to the dean with a written explanatory misdemeanor.

It is more difficult here, since the circle of "folk punishers" is noticeably expanding. First you have to keep the answer before the dean, then before the head of the department, and only after that, perhaps the student will be allowed to relocate the exam, but already on tougher and categorical conditions.

3. A checking teacher does not want to re-accept the exam at the tracker, and then he will have to pass it on the commission.

Here additional questions are clearly not avoided, and the final work on the subject and at all can not be rented. In this case, the malicious trash can deduct, and then the status of a young specialist will only remain in dreams.

In any case, the current situation is extremely unpleasant and scrupulous, since a good and favorable attitude to his address a walk from teachers from teachers may not wait.

In the soul and publicly, his act condemns each teacher, and therefore, it will be sure to ask him a couple of the three additional questions on relocation. Even round excellent students may not always answer.
