For a long time, a simple truth is known that money rule the world. But when you're about 20 years old and you are a student, you most likely the wind walks in your pockets. Even if you learn well and get a scholarship, sooo hard on it. Someone of course help parents, but not everyone has such an opportunity. Therefore, many students are looking for a part-time job. Of course you can get a taxi, go to work as a waitress, but it will not help you in the future. Already in student years it is necessary to determine what you will do in life. If you want to work in the specialty, then you need to look for work that is closest to your future activities. This will help you when you will get a job as a graduate specialist.

Because in our time, work experience is very important. But best when you do what you like, then your work will not be in a burden. Pursuing a favorite thing, people are more likely to achieve great success than those who go to not beloved. After all, it often happens that it seems to be a doctor, but at the 4th year participating in the student KVER realized that in fact you want to become a famous media person (actor or singer) so that you were recognized on the streets and took autographs. Even in this case, no matter what is not lost, in our age of the Internet, you can continue to study the doctor and lead your video blog on YouTube and if you are really a talented person, then you can even get great fame than those who constantly show on TV. Therefore, it is not necessary to forget that everything in this world depends precisely from you and you can achieve what you want, provided that you are making great efforts.
